

# Climate Ready Town

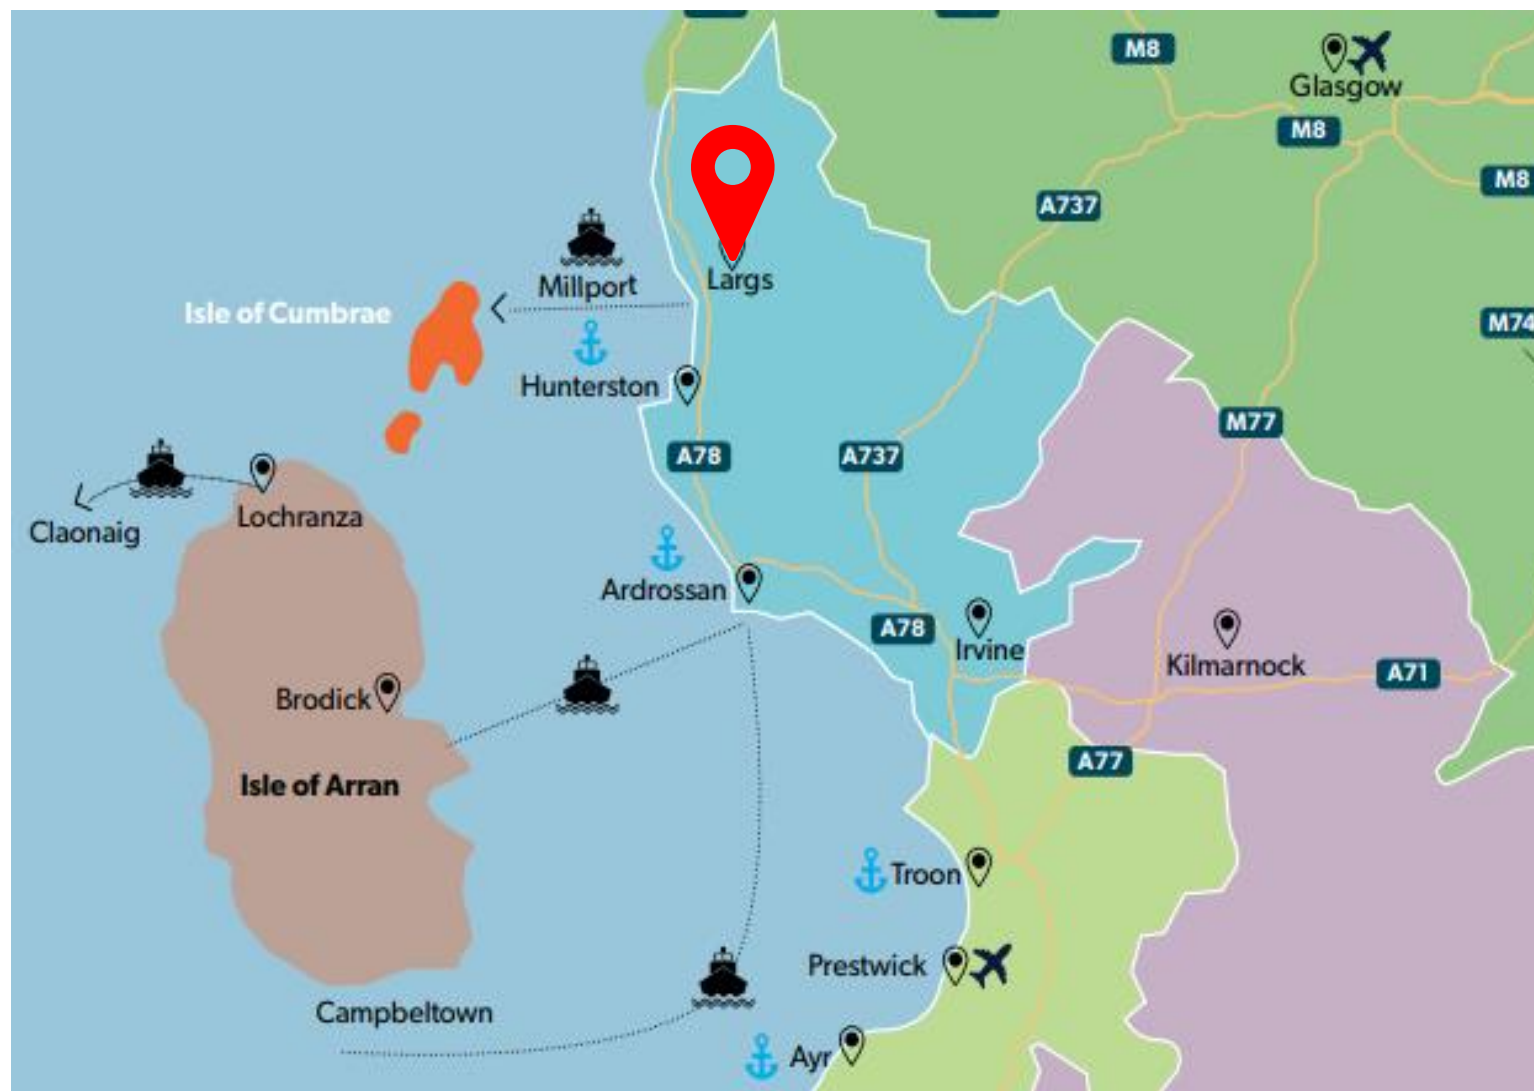

## MILLPORT

Isle of Great Cumbrae

North Ayrshire Islands Recovery and Renewal Pilot co-funded by  
North Ayrshire Council, Scottish Government and Highlands and Islands Enterprise

# MILLPORT

# ISLE OF CUMBRAE

## LOCAL ISLAND PLAN

WELLBEING  
COMMUNITY | ECONOMY | ENVIRONMENT

A ten-year plan with a long-term strategic focus developed with and for the community.

## WHAT NEEDS TO BE DONE...

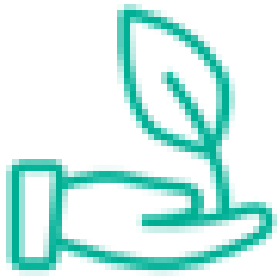

### VISION FOR 2032

Cumbrae is a more sustainable and accessible island with improved infrastructure, transport and housing provision. The island is attracting a more balanced population who enjoy a wider range of employment opportunities and activities.

Themes of **ECONOMY** | **COMMUNITY** | **ENVIRONMENT** determine a set of Cumbræ-specific key priorities and related actions that build on the existing strengths and tackles challenges to minimise risk and further fragility to the wellbeing of Cumbræ

# Progressing to a Climate Ready Town...

## ENVIRONMENT

A sustainable infrastructure which protects the Victorian heritage and unique environment.

---

UK Government Community Renewal Fund (CRF) – GREEN ISLANDS PROGRAMME

---

Scottish Government CARBON NEUTRAL ISLANDS project

---

Engage with Cumbrae and wider island stakeholders in the PREPARATION OF LDP3

---

Millport Coastal FLOOD PROTECTION SCHEME & Mill Burn Flood Protection Scheme

---

Delivery of the REGENERATION of Millport Town Hall and continue to seek external funding and partner support to deliver sustainable projects

# UK Government Community Renewal Fund (CRF) GREEN ISLANDS PROGRAMME

Supporting North Ayrshire islands in the transition to Net Zero by 2030

**Net-Zero Carbon Action Plan**
